**Milton Nursery Company**  
A. Miller & Sons, Incorporators  
MILTON, OREGON

**SPECIAL PREMIUM OFFER**

To increase our present mailing list, we are making a Special Premium Offer, in which you may participate for only a moment of your time.

With each order, accompanied with cash, amounting to \$2.50 or more, and the names and addresses of Six (6) persons whom you believe may desire to purchase nursery stock or will be interested in receiving our General Descriptive Catalogue, we will include, FREE with your order, your choice of any PEONY PLANT herein priced at 50 cents or less.

Be sure to write the names and complete addresses PLAINLY, stating your choice of premium.

**PREPAID TRANSPORTATION**

We pay transportation charges to any point in the Pacific Northwest (Evergreens and Evergreen Shrubs, balled and burlaped, excepted) where cash accompanies order, and to all other points in the U. S. A. one half the transportation charges, cash to accompany order.

**OUR GUARANTEE**

All goods are guaranteed to reach you in good, healthy, growing condition; up to grade standard as represented; and to pass State Inspection. At the prices we sell our nursery stock, it is impossible for us to guarantee growth or to be responsible for stock after delivery to our customers in good condition.

Our 58 years of continuous growing and selling quality nursery stock to our many thousands of satisfied customers throughout the United States is an important assurance of your entire satisfaction.

**NON-WARRANTY**

While we hold ourselves in readiness, on proper proof, to replace free of charge all trees, etc., that may prove untrue to label, or refund the amount paid, we give no warranty expressed or implied as to description, quality, productiveness or any other matter of any Nursery stock, seeds, bulbs or plants we sell.

**USUAL DISTANCES

**Number of Trees or Plants  
Required per Acre—  
How to Estimate.**

**Rule**—Divide 43,560 (the number of square feet in an acre) by the number of square feet for each plant. The result is the number required for an acre.

If trees are planted on the Triangular system, 15 per cent more than for the Square system will be required.

## FRUIT DEPARTMENT

See pages 24 to 32 in our illustrated catalog for description of various kinds of fruit.

## Evergreens

See pages 2 to 4 in our illustrated catalog for description of Evergreens.

In order to handle **Evergreens and Broadleaf Evergreens** in the most satisfactory way, and to better insure their growth, these plants are dug with a ball of earth which is held in place by sewing around it a strip of burlap, commonly called "Balled and Burlapped."

Our "Transplanting Instructions" leaflet, sent out with each order, will give detailed directions for planting Evergreens successfully.

Lots of ten or more assorted Evergreens in any one order at 10 % discount off EACH prices.

**Roses—Oregon Grown**

See pages 16 to 18 in our illustrated catalog for description of Roses.

Oregon Grown Roses are known East and West for their superior blooming quality and hardiness. We ship only one grade, strong 2 year No. 1 field grown bushes. They will bloom the first year.

In making comparisons, attention to **Quality is even more essential than Price.** Not all nursery stock, especially Roses, offered at "attractive prices" is profitable to the purchaser. **Buy the Best, it Always Pays.**

The selection of Roses, in our General Descriptive Catalogue, consists of many of the "standard favorites" and the best of the New and Popular introductions at moderate prices.

ROSE PRICES, governing all varieties in our General Descriptive Catalogue. 9 assorted 2 year No. 1, \$5.00, SPECIAL COLLECTION OFFER. See back cover illustrated Catalogue.
